

## LIFE'S A BITCH

Life's a Bitch and then you die!  
Stick a needle in your eye!  
Life's a Bitch and then you die!  
Cross my heart and hope to die!

Stop sweet-talking me you stupid idiot  
I know that we're gonna die  
But not yet  
Before that  
We are gonna cut off your vacant head  
Before that We are gonna cut off your  
vacant head!

Life's a Bitch and then you die!  
Stick a needle in your eye!  
Life's a Bitch and then you die!  
Cross my heart and hope to die!

No brain and therefore no mess  
I know there's no such a thing  
As hapiness  
So stop telling me stories  
About life  
Your speech is too smart  
For such a FUCK!

Life's a Bitch and then you die!  
Stick a needle in your eye!  
Life's a Bitch and then you die!  
Cross my heart and hope to lie!

## STILLKNOX THE PILL

When the air ain't Still-knox down The Pill  
Can't feel nothing but the chill  
Who can sail when the winds won't blow?  
We're gonna sail since our seas need to  
grow!

Ref:

We're the sisters  
Thrown in space  
Moon shines above us  
Within our grace .....

Symbolic death is what we are entering  
Let's be reborn in ideal purity  
Enlightment and joy, strenght and gore  
Strenght and gore  
Enlightment and joy, strenght and gore!

Ref.

Enlightment and joy, strenght and gore  
Strenght and gore  
Enlightment and joy, strenght and gore!  
Ref:

We're the sisters  
Thrown in space  
Moon shines above us  
Within our grace .....

We were never socialized  
We were never crucified  
We were never castrified  
We are never gonna be denied!!

## THE BRIGHTER THE LIGHT

Is there a solution  
To the compensation  
Of submission  
And domination?  
The conflict of the weak and the strong  
Seems never to be solved!

Your body is hot  
But so far I'm cold  
The moment of being  
Insecure and old  
Relieve your conscience from the feeling of guilt!

REF:

The Brighter The Light  
The deeper the shadow!  
Live on the edge  
Feed your spleen and your sorrow!

Oh God it is you  
Who humiliates!  
What have you bread

One rotten cake  
One false blind big mistake!

Are you gonna come  
Oh come on! Come!  
I'm talking to you!  
You randy lustful soul  
You creek and squeak  
So dried-up!  
I'm gonna come  
I will come!

Oh! Just remain in your  
Deceptive blind believe  
Your dogmatic truth is  
Destroying me!

REF:

Accept evil as much as you can  
Deny the ones who say  
They're afraid of hell!!!!

REF:

## DEMONS

When I make love  
I don't fuck  
When I make love  
I don't fuck  
When I make love  
I don't hate  
When I make love  
I don't rape!

When I make love  
I don't stab  
When I make love  
I don't crack  
When I make love  
I don't break

When I make love  
I don't rape!

God is laughing in my face  
Death is laughing 'bout my pace  
And I'm vain  
And I'm insane  
And I am fucked up in my brain  
God is laughing in my face  
Death is laughing 'bout my pace  
And I'm vain  
And I'm insane  
And I love it!

Demons come and demons go  
That's more like it, yeah!  
Oh, demons come and demons go  
Demons come and demons go  
That's more like it, yeah!  
Oh, demons come and demons go  
When I make love  
I don't fuck  
When I wake up  
I don't fuck  
When I make love  
I don't hate  
When I make love  
I don't rape

## LIKE A MAN

Oh lover love you so  
I just wanna smell you more  
Oh lover love you so  
Just wanna smell you more  
Oh lover love you so  
Just wanna love you more  
Oh lover love you so  
Now I cannot fuck you no more!  
You made me feel like a woman  
But I still smell like a Man  
Like a Man  
But I still talk like a Man  
Like a Man  
You make me fuck like a ...  
Oh lover love you so

I just wanna smell you more  
Oh lover love you so  
Just wanna kiss you more  
Oh lover love you so  
Just wanna smell you more  
Oh lover love you so  
Now I cannot fuck you no more!  
I'm being punished  
'Cause I'm unable  
To repress my  
biggest anger!  
I'm being punished  
'Cause I'm unable  
To express / repress  
My biggest anger!  
"GENDER BENDER!"  
With an honour  
To every little pussy  
Hiding in a corner  
In the middle of Nowhere!

Like a Man  
You made me fart like a Man  
Like a Man  
You made me stink like a ...  
Oh lover love you so ...  
I just wanna smell you more  
Oh lover love you so  
Just wanna suck you more  
Oh lover love you so  
Just wanna love you more  
Oh lover love you so  
But now I cannot fuck him no more!  
I'm being punished  
'Cause I'm unable  
To repress my  
biggest anger!  
I'm being punished  
'Cause I'm unable  
To express / repress  
My biggest anger!  
"GENDER BENDER!"  
With an honour  
To every little pussy  
Hiding in a corner  
In the middle of Nowhere!
